Dear Dr. Linke,

Thank you for the opportunity to review the historical records located in the Princeton University Frick Laboratory on March 25, 2009.

The records that were presented to Mr. Anthony (Joe) Vital of my staff no longer contain classified information. The information in the documents has been declassified.

We request your staff cross out the document classification markings before making the documents available to the public.

If you have any questions, please contact Mr. Vital at 301-903-9031.

Thank you for contacting the Department of Energy.

Sincerely,

Kenneth M. Stein
Acting Director
